Try this...

Present the verses that describe the fearful judgments pronounced against those that receive the mark of the beast. Now the comeback will be...

"I do not have to worry about that, I will be outta here in the rapture"

Now present the verse that tells who will not receive the mark, that being Rev 14:12. Again a typical comeback will be...

"It will be 144,000 literal Jews who will be converting millions of souls to Christ. They will refuse the mark."

Three questions to ask...

If those who will not receive the mark are those who have the faith of Jesus and keep His Law, what are the merits of those who are raptured?

What is it that they [those that are raptured] are doing to be swept away before the mark is enforced?

Ask...how can you have the FAITH OF JESUS if the holy Spirit is going to be taking away with those that are raptured?
