THE LORD WAS, HAS BEEN AND ALWAYS WILL BE GOOD!!!

For sometime my granddaughter has been overly loud. Even screaming at times. It's been going for a noted while. I have to confess I did not have a good attitude about it. My daughter, Son-in-law and there family lives with me and my wife. Sometime ago I actually heard my granddaughter make this statement while (I believe) she was playing a video game "thank you satan". Yes, this was said! The yelling and the screaming would happen from time to time. I had thoughts of actually going in and "handling" it myself and what I had in mind to do would not have resulted in a good outcome. The day came when I had enough. The thought that my granddaughter said "thank you satan" came to mind. I got on my knees and I think I asked THE LORD to send the demon out (I don't remember everything I said) I remember saying something like "IN THE NAME JESUS get out of my house satan I know this is you!!! I am not going to come down on (my granddaughter) I am telling you get out of my house!!!!) From that time it has been quiet and I feel like I was given peace. I ask please pray for my home and I ask please pray for me.

i WORSHIP, PRAISE AND THANK THE LORD    i WORSHIP, PRAISE AND THANK THE LORD  
LORD    i WORSHIP, PRAISE AND THANK THE LORD ALWAYS, ALWAYS, ALWAYS!!!!!!!!!!!!

PTL bro that is wonderful! That future pile of ashes is truly powerless against our merciful Maker.

It's a relief to hear that your prayer was answered the way it was. Yes, demons are real and it's easy to see that many people all around us are demon possessed by the attitudes they display. Recently an elderly neighbor of mine proved to me that she, too, was demon possessed when I walked by her to say a simple 'hello!' and she immediately glared at me and told me to never speak to her again or approach her for any reason. This is a woman I had thought I was on

friendly terms with--although I did notice that she was often grumpy about one thing or another--but I had offered her rides to stores when her car broke down and thought this would be one way of winning her over. She also yelled at another neighbor of ours because his cat kept coming over to her patio. She eventually placed his cat in a cage without telling anybody and it led to a confrontation between her and the young man who owned the cat. She may have become angry with me because she knows I'm friendly with this young man but, still, her reaction to my greeting was way over the top. Many people would say she's just insane but I think it's more complicated than that. She's always looking for something to complain or to disagree about. She has no friends, to speak of, but does have an apartment she shares with 5 cats. (Yes, she's a cat lady.) But she's more than just a cat lady. She's a possessed cat lady and I've been praying for her. I will be happy to pray for you, too!
